SUPPLEMENT 2022

# welcome... to our 2022 supplement

Another season has flown by and brought with it a few more challenges as seems to have become 'the norm' over the past few years. Our team has celebrated new babies (and a few more on the way) thrown themselves into collecting for Ukraine charities with the usual gusto, supported one another through difficult times and celebrated some exciting successes. Meanwhile, the team continues to grow and we are more committed than ever to bringing you the very best and most exciting product launches and offering exceptional service.

With that in mind, we are very much looking forward to introducing you to our new collections. The first mention has to go to the beautiful additions to our plush family – my absolute favourite is Camilla the giraffe with her luscious eyelashes, I think she is going to be very popular! We've also ventured into crafting with beautifully illustrated scrapbooks, stickers and an ink stamp set. We've got more additions to this collection in future launches too so watch this space.... We have updated the designs on our best-selling tinware collections and are introducing two new design themes with fresh new colour palettes as well. The new umbrellas are vibrant and fresh, with gorgeous attention to detail including a silver wren charm on each one. Even better, they are made from recycled materials so staying dry has never felt so good!

As always we've got lots more goodies tucked away inside this catalogue and lots of new artwork as well. I hope you enjoy browsing through it and that it brings some sunshine to your day.

and the  
Wrendale team*

## SUSTAINABILITY

As part of our commitment to sustainability, you will notice that we are eliminating single use plastic packaging from our cards and giftware going forward. Please bear with us as we phase out the older types of packaging in favour of newer and more environmentally friendly methods that will still ensure that our products arrive to you in mint condition.

## PLUSH CHARACTER COLLECTION

Our plush collection has grown once again to include three new gorgeous characters, each with their own unique personalities and reminiscent of the animal (and Hannah's artwork) that we know and love. 'Ralph' the labrador, 'Gordon' the Highland cow and 'Camilla' the giraffe are the latest members of the team and each have been developed with careful sourcing of fabric to capture the illustrations as closely as possible.

Suitable from birth. Polyester/ Fibre stuffing. Sold in multiples of three.

'RALPH'

PLUSH008

250mm x 140mm x 150mm

### *all about Ralph...*

Ralph loves to lend a helping paw and is constantly looking for ways to be useful. He is always tidying up any food that he can find, even if it means jumping onto a table to get to it. He also tries his best to do the same with shoes that are left lying around but doesn't think they taste quite as good. Bright and playful, Ralph's perfect day would include sniffing out the muddiest puddles for a good roll and then winding down with a nap snuggled up on a lovely clean sofa. He's an excellent runner although rarely wins any races as he's easily distracted by a passing rabbit or interesting smell.

*inspired by 'hopeful'*

### *all about Gordon...*

Gordon is steadfast and reliable and perfect to have around in a crisis. He is loved by all of his friends for being a great listener, but he also has a twinkle in his eye and a great sense of humour. An accomplished pianist, he is very musical and loves to relax with a fine wine whilst listening to classical music. He is particularly partial to a concerto by his favourite composer, Moozart. Gordon is surprisingly light on his feet and loves letting his hair down at a ceilidh.

'GORDON'

PLUSH009

240mm x 135mm x 120mm

### *all about Camilla...*

Glamorous Camilla is the envy of all her friends. With her long legs and elegant eyelashes, she graced the giraffe walks of Paris before she was talent spotted by a famous film producer who whisked her away to Hollywood until a mysterious scandal involving an ostrich and a pair of spectacles saw her return to her home savannah. Camilla has since embarked on a new career as an abstract artist and can often be found contemplating a blank canvas or experimenting with colour. Kind and thoughtful, she gives most of her paintings to friends and family who are running out of places to put them.

# JUNIOR CHARACTER COLLECTION

Say hello to Fern, Daphne and Elvis Junior—the latest additions in a fun smaller size. Distinctively 'Wrendale', each of the characters are completely unique, made from high quality soft and tactile fabrics to capture the likeness of the illustrations as closely as possible. Each plush comes with a tag containing insightful information about the animal.

Suitable from birth. Polyester fibre stuffing. Sold in multiples of three.

July

### Out and about

Five wild things to look out for in July...

- Elephant Hawk Moth**  
These large pink and green moths are brightly coloured nocturnal fliers that can be spotted visiting honeysuckle. The moth derives its name from the caterpillar's resemblance to an elephant's trunk. The caterpillars can be found munching on willowherb.
- Wild Orchid**  
Flowering for a short period, many different species of orchid are native to the British Isles. Species to spot include the common spotted orchid with frilly pink flowers on a spike and dark spots on the leaves. The bee orchid has purple, wing-like petals and a bottom lip which mimics the body of a bee to attract potential pollinators.
- Tawny Owl**  
Owls can be noisy at this time of year as young are starting to fledge and they call loudly to their parents, begging for food. The well known 'too-wee' and the male answers 'too-wee'.
- Gannet**  
As the UK's largest sea bird, gannets have a wingspan of up to a metre. They have white plumage, a yellow head, blue eyes and black wingtips. Gannets visit the UK's coast to breed in summer. Head to the coast to catch a sighting of these striking birds diving for fish at speeds of over 50mph.
- Grasshopper and Cricket**  
Listen for the papery burring of crickets and grasshoppers as they attempt to attract mates in the long grass. Spot the difference - crickets have much longer legs and antennae while grasshoppers have longer bodies.

## About us...

### A little more about Wrendale DESIGNS

Wrendale Designs started life on a kitchen table in Melton Ross, Lincolnshire. From humble beginnings, it has become a globally recognised, multi-award-winning brand of best-selling giftware, well known for the characterful illustrations.

Artist Hannah Dale grew up in the beautiful countryside of the Lincolnshire Wolds. Having always loved nature and wildlife, she studied Zoology at Cambridge University before embarking on a career as a stockbroker in London. However, fate had other ideas and a few months before packing her bags for the Big City, she met Jack, a farmer in her home county. After five years of commuting from London to Lincolnshire, they married and Hannah moved back home. With a little one soon on the way, Hannah finally had some time to indulge in her passion for painting. While studying for her degree, Hannah had passed the time during hours of fieldwork with a sketchbook, painting animals and birds from life. She took this experience with her and believes that it has resulted in her unique ability to capture the character and personality of the subjects in her paintings.

Having successfully sold her work to local shops, she came upon the idea of launching a range of greeting cards and hasn't looked back since. The cards were immediately popular, soon becoming a 'must-have' brand and establishing a loyal fan base of customers who love the designs. Since then, the range has been expanded to include beautifully designed, high-quality stationery and Wrendale has won six 'Henries' awards — the most prestigious in the UK greeting card industry and Wrendale has won many awards for its cards and gifts. In 2019 Wrendale was awarded a Queen's Award for Enterprise for excellence in international

trade, and Hannah and Jack were received at Buckingham Palace to celebrate the award. A license with Portmeirion also sees Wrendale images appearing on Royal Worcester mugs and a variety of other kitchen items — a collaboration that continues to expand successfully.

With the growing success of the business, Jack took a big step and left the family's farm in order to run the business full-time.

Hannah now focuses on the artwork and a lovely team, headed by Jack, is in place making sure that everything runs smoothly. Wrendale Designs prides itself on the quality of its products above all else. The cards are all printed on textured, high-quality board and the stationery often features extra details that make the products just that little bit special. The paper, sourced from a mill in the Lake District, is certified by the Forestry Commission and the cards are also printed locally.

We continue to expand our collection with exciting new product categories and as always, beautiful new card designs. We hope that you and your customers will find something they can fall in love with.

All of the information you may require should be included in this catalogue, but please do get in touch with us if you have any queries via our telephone number or email.
