# Blackthorn

An atmospheric fantasy woodland scene, depicted in the traditional Arts & Crafts style. Lovingly hand painted using mixed media to create a whimsical, moody feel in an earthy colour palette that can transition easily from Autumn to Winter.

Rabbits leap, squirrels nibble, pheasants strut and owls gaze into the distance, surrounded by stylised floral motifs and placed against a warm beige backdrop.

With 'woodland' being a current core trend, this perfectly reimagined traditional collection creates the ideal build-up to the festive season.

# Cottage Garden

Inspired by summertime meadow walks, these delicate and detailed illustrated flowers intertwine to create a beautiful tapestry, with a vintage feel made modern with a soft creamy backdrop, while the tiniest buds scattered throughout the cut flowers bring the whole design together.

Designed with the countryside in mind, the space left between the floral motifs create a lightweight, chintzy appeal and the spring-green gingham reverse is the perfect complement to this 'cottage core' trend. A rural-living considered design for country enthusiasts.

# Finch & Flower

With Arts & Craft style designs still trending strongly, this William Morris inspired collection will help you stay ahead of the trend. Finches perch on branches and peck at berries while sinuous leaves wind lazily around the blooming chrysanthemums and bluebells.

The rich dark tones are complimented by mossy greens and bright ochres, while dusky pinks add softness. This flattening of natural forms in a block printed style will capture your imagination and add timeless appeal to any home.

# Portman Farm

The soft grey background is the perfect backdrop to showcase these delightful and mischievous farm animals. A vintage farmhouse design hand painted in watercolour and ink, this traditional scene is made modern with the addition of watering cans, wheelbarrows and milk churns nestled between clucking hens, munching lambs and sturdy piglets.

Fitting right in with the trend for homegrown veg and local farming, this charmingly depicted pastoral scene brings farmhouse chic to homes everywhere. A baa-riliant collection!

# Seashore

Fishermen are silhouetted against the rising sun after the morning catch, oyster catchers paddle in the shallows, gulls swoop low and water laps gently at the shoreline in this relaxing, seaside inspired collection.

Traditional lino cut and block print techniques were explored when creating this design, with the ripples of the water and cloud formations bringing life and movement to counteract the static beach huts.

This collection inspires new narratives around the shore with its streamlined shapes in a nautical colour palette.

# Shellfish

Glistening lobsters and crabs, shimmering mussels and clams hide amongst swirls of seaweed in this watercolour painted design. The artwork has been created as a contemporary mirror image, a kaleidoscope of pattern for modern kitchens and seafood lovers.

While the imposing claws of the lobsters and crabs are the focal point of this design, the seaweed tendrils reverse pattern with its little hidden clams adds delicacy. The aquatic teal green trims makes the vibrant orange shellfish and iridescent blue mussels really pop with colour.

## Graffiti

Inspired by the original graffiti seen around Belfast city, this design started as a simple eye shape and then imagination took over! # Dog Days

This ragtag rabble of playful pooches has heaps of personality! The style of illustration has drawn inspiration from the iconic sketches of Quentin Blake with the use of scratchy black crayons and rough gouache brushstrokes. The excitement and energy of these pups radiates out from the design and the tangled leads spiralling throughout are an amusing backdrop. The dogs may be scruffy, but the collection is absolutely paw-some.
